

Dear M. Girard:

I very much appreciate your letter of April 26th and your kind remarks concerning my brother.

It was very considerate of you to write and I have referred your letter to the physicians who are responsible for my brother's care. I am advised that there is insufficient detail in your letter for the doctors to evaluate. However, if you would care to send additional information, as you suggested, they would be glad to review and consider it.

Again many thanks for your thoughtfulness and best wishes.

Sincerely,

AWD

Dear Frank:

I am returning the letter on cosmobiology since I am afraid there is insufficient data to properly evaluate. The documents in Italian and German have been forwarded to the National Cancer Institute and an answer should be forthcoming before too long. I will send that as soon as I have it.

Sincerely yours,

Robert M. Farrier, M.D.

[Redacted] I called [your?] STAT

attention to a definite resemblance between certain symptoms of Mr. Foster Dulles and those of Sir Stafford Cripps. My prediction has unfortunately proved to be correct.

My 25 years of self-study of cosmobiology have had good results (for example, Louis de Wohl). I am writing to ask your support, or at least your advice. Could one of your many offices use the results of my work to advantage? I shall be glad to supply any additional details.

My most sincere wishes for the improvement of the health of that admirable man, your brother, Mr. Foster Dulles.

Would you please reply in French?
